**CALL TO ORDER**

Mayor Long commented that the public hearing was called to hear a report from our consultants, Seamon Whiteside, on the 418 Corridor update.

Chris Watson with Seamon Whiteside gave a power point presentation on the study. He spoke on the Woodside Mill area, Connectivity (bike and pedestrian trails) and the 418 corridor (I-385 to Main Street).

The floor was opened up for Public Comment.

After several questions were answered, the meeting was adjourned.

Respectfully submitted,
